## Why choose an Alpi Thermostatic Mixer

**SELECTway**

Two functions  
in a gesture only.

Button for blocking  
the temperature at 38°.

**A New Heart.**  
More accurate, stronger,  
and more resistant.

Ensures greater safety maintaining  
the temperature constant with more accuracy.

**SPEEDcontrol**

Very fast reaction time  
and temperature balance.

**Rational maintenance.**

**EASYsystem**

One monoblock internal cartridge which you can  
take off and re-fit in a matter of seconds.
